PRESS RELEASE

500 projects over 25 years

Burckhardt+Partner: a portfolio featuring the Mall of Switzerland and Westside

Burckhardt+Partner's architectural office in Bern was founded on 1 October 1995. 25 years later, the team has grown to encompass more than 40 members of staff and completed approximately 500 projects all around Switzerland in virtually all fields of building construction.

Over the past 25 years, the architectural office has implemented a wide range of new buildings and conversions in numerous fields of business amidst strong competition. The best-known projects realised under the leadership of the Bern-based team include the Mall of Switzerland in Ebikon, Lucerne, and the construction of the Westside Shopping and Leisure Centre in Bern in cooperation with Daniel Libeskind.

Oliver Schmid is delighted to celebrate the anniversary: "Like the entire Burckhardt+Partner Group, the Bern office has spent the last quarter of a century focused on finding compelling, customised solutions for complex planning and implementation projects – as architects, general planners and project developers," says the Deputy CEO of Burckhardt+Partner AG and Site Manager for Bern.

Since being established, the team in Bern has implemented over 500 projects across Switzerland. Samuel Schultze, CEO of Burckhardt+Partner AG, says: "The Bern location has been making a key contribution to the success of the whole company for 25 years – all according to the principle of being locally based but operating beyond cantonal and national borders."
